

BUSH HERITAGE AUSTRALIA

Pest Management Officer

- Full time role
- 12-month fixed term contract with potential to extend
- Based on our Bon Bon Station Reserve in South Australia

Bush Heritage Australia, a national leader in landscape-scale conservation, is seeking a **Pest Management Officer**.

Our vision of *Healthy Country, protected forever* sees us where we are needed most: in areas of high conservation value with low levels of protection. With the help of our donors, we protect and help manage 6.2 million hectares of land across the country. In our mission to return the bush to good health, we provide habitat for more than 5,800 native species, including at least 235 threatened species. Two proven approaches underline what we do: we carefully select, purchase and manage landscapes of high conservation value; and we work in partnership with others, including Traditional Owners, to achieve key conservation outcomes.

About the role

This role is responsible for the implementation of the pest animal control strategy on Bon Bon Station Reserve.
