

## BUSH HERITAGE AUSTRALIA

### Bunuba Healthy Country Landscape Manager

- **Fantastic opportunity to work within a leading conservation organisation**
- **Fitzroy Crossing location**
- **12-month fixed term full time role**

Our vision of **Healthy Country, protected forever** sees us where we are needed most: in areas of high conservation value with low levels of protection. With the help of our donors, we protect and help manage 6.2 million hectares of land across the country. In our mission to return the bush to good health, we provide habitat for more than 5,800 native species, including at least 235 threatened species. Two proven approaches underline what we do: we carefully select, purchase and manage landscapes of high conservation value; and we work in partnership with others, including Traditional Owners, to achieve key conservation outcomes.

#### **About the role:**

This rare and diverse role is responsible for implementing the Bunuba Healthy Country Plan through working with the Bunuba Dawangarri Aboriginal Corporation, Bunuba Rangers, Bunuba Country Culture Committee, and Department of Biodiversity, Conservation and Attractions and other stakeholders with interest in the Bunuba Native Title Area.

#### **You will bring:**

- Solid project management skills
- Strong relationship building and collaboration skills
- Experience in managing people, budgets and consultants
- Understanding and experience working with Indigenous peoples
- Highly developed leadership, networking and influencing capability
- Knowledge of OH&S and experience operating in remote outback environments
