

COLES CAREERS. FOOD FOR THOUGHT.

2018 GRADUATE PROGRAM

Feed your ambition with an iconic brand that makes a positive difference on the lives of Australian families every day.

Our two year Graduate programs are the first ingredient to a flexible and dynamic career at Coles.

Our Operations Graduate Program, based in our stores and sites across the nation, will accelerate your career to become one of our next senior operational leaders.

Take your pick from three streams;

In Supermarkets you will be supported to run a multi-million dollar business, in Coles Express you'll be a multi-site leader that brings convenience to Australians and in our Distribution Centres you'll be the heart of our supply chain ensuring that thousands of customers get the products they want.

Join our Store Support Centre Program and fast track your career in our corporate office by gaining a mix of technical, operational and leadership skills working alongside key leaders across the business. You can choose one of the many business areas we offer, such as Digital, Strategy, People & Culture (HR), Marketing, Merchandise (Buying & Trading), and Finance to name a few. You can even try a different area at the end of year one – the choice is yours!

If you want to work in a fast paced environment where no two days are the same and do meaningful and impactful work with real accountability, then apply today.

Not sure which program is for you?

Want to hear from our Graduates about what it's really like?
