## **Company Secretary**

Engineers without Borders Australia (EWB) is a member-based, community organisation that creates social value through engineering. Through partnership and collaboration we've focused on developing skills, knowledge and appropriate engineering solutions for over 14 years.

We are seeking a new Company Secretary to help lead EWB into 2018 and beyond. This person will liaise closely with the CEO and Board Chair to manage the corporate governance and regulatory compliance of EWB. This volunteer role would be suited to someone who wants to learn more about non-profit Board function, governance or charity legal compliance and is a great opportunity to gain experience as a Company Secretary. Melbourne based applicants preferred but not essential.

For more information on this and other opportunities visit <https://www.ewb.org.au/getinvolved/volunteer> or contact Margarita Moya [m.moya@ewb.org.au](mailto:m.moya@ewb.org.au)

**Applications close January 22.**
