

Médecins Sans Frontières Australia

Web Developer

Full time / Fixed term contract – 10 months

Unique opportunity for a Drupal Developer to contribute to a global humanitarian organisation. Médecins Sans Frontières is an independent international medical humanitarian organisation that delivers emergency aid to people affected by armed conflict, epidemics, healthcare exclusion and natural or man-made disasters.

The Web Developer plays a key role in delivering our vision and contributing to innovation and growth at Medecins Sans Frontieres in Australia and New Zealand. The Web Developer realises the technical aspects of digital projects for the organisation, as well as ensuring existing assets, including websites, are maintained and optimised.

We are looking for a new team member that is as passionate about technical detail as they are about MSF's global mission to provide medical assistance. Along with the necessary technical skills, you will pride yourself on your digital design and will thrive working with a dynamic team to develop innovative ideas and solutions. Agency background is a bonus.

If you are looking for a change – where you can take advantage of salary packaging, flexible working hours and working with a fun and friendly team – this role could provide you with the perfect work/life balance.

Médecins Sans Frontières Australia is committed to creating an inclusive workplace for all our staff. We believe that a diverse team helps us better serve those most in need, and we encourage people from a wide range of backgrounds to apply for this role, including Aboriginal and Torres Strait Islander peoples, people from culturally and linguistically diverse (CALD) backgrounds and people with disabilities
