PRIVATE HOSPITAL  
SYDNEY

## Learning and Development Manager

**Type: Permanent**

**Location: Darlinghurst, Sydney, Australia**

**Industry: Medical and Nursing**

**Reference: JR107116**

### **Job Description:**

St Vincent's Private Hospital is a world-class medical and surgical facility and provides overnight and day only care across a broad spectrum of specialties.

The values of St Vincent's Private Hospital derive from the mission and traditions of the Sisters of Charity. Firmly grounded in the Christian tradition, our values seek to give form to our activities and are at the core of our Code of Conduct and Code of Ethical Standards.

Inspired by the values of the Sisters of Charity and Sisters of Mercy, our mission is to bring the healing ministry of Christ to all we serve.

Our vision is to serve the community through excellence in care, teaching and research in both public and private health and aged care services, and to reach out to the poor and the marginalised. In doing so, we maintain our fundamental respect for the skills and talents of our staff and our profound respect for the humanity of every individual patient.

The Learning and Development Manager documents a learning and development strategy that meets the needs of the St Vincent's Private Hospital Sydney as it develops and matures its service lines. To provide, coordinate or access educational, training & development programs at St Vincent' Private Hospital Sydney for all staff – both clinical and non-clinical - to assist them in achieving the highest standards of care/service for all patients.

This position is designed to leverage the strengths of both University partnerships and St Vincent's Private Hospital Sydney and bridge the academic and operational gaps. Building capacity to implement evidence into practice.

This position considers innovative ways to provide education in collaboration with clinical education and hospital management teams.

The position ensures that strict compliance with relevant policy, protocol and procedures are followed, including management of resources in line with Key Performance Indicators.
