

Save the Children

Regional Coordinator x 2

Full-time permanent roles which can be based in various locations with frequent travel across to relevant communities (either Mt Isa, Townsville or based in a North Queensland location). Each role will be responsible to lead a team across a range of Early Childhood and Family Support programs across remote communities:

- Mornington Island and Normanton
- Doomadgee

You will make an impact by:

- Leading teams across a great variety of child and youth focused programs
- Developing existing and designing new strategic pathways
- Producing business plans, budgets, performance and risk analyses
- Coaching and developing the team

Regional Coordinator – Service Integration

Full-time permanent role based in Mount Isa. You will be responsible to lead a small team towards collaboration across the broader service sector throughout the Gulf region.

You will make an impact by:

- Chairing the High Risk Team and coordinating an integrated response to DFV
- Building relationships with the local community and confidence in programs
- Collaborating with stakeholders across all services and Government Departments

These roles require:

- Proven experience with complex strategic planning, program management and delivery
- Demonstrated experience leading a team and driving high performance and growth
- Excellent knowledge of children's rights and child centred program development
- Current driver's licence
- Relevant Bachelor degree or significant experience in a similar position
