

Coordinated Imagery Program (CIP) Strategic Review Manager

- An exciting opportunity in Land Use Victoria (LUV)
- Are you looking to leverage your knowledge of strategic reviews to position DELWP's coordinated imagery program for the next decade?
- Do you have experience in change management, strategic review or reform project delivery?
- Do you have significant project delivery experience; and proven commercial acumen?
- 18 month fixed term role
- Melbourne CBD location, close to Parliament Railway Station

The Department of Environment, Land, Water and Planning (DELWP) brings together Victoria's planning, local government, environment, energy, suburban development, forests, emergency management, climate change and water functions into a single department to strengthen connections between the environment, community, industry and economy. It is tasked with ensuring that Victoria has the right conditions to enable economic growth, while delivering liveable, inclusive and sustainable communities.

We are building an inclusive workplace to help realise the potential of our employees, embrace our differences, and apply our diverse thinking to innovation and delivering services to Victorian communities. All jobs can be worked flexibly and we encourage job applications from Aboriginal people, people with disabilities, young people and people from culturally diverse backgrounds.

Position purpose

The Coordinated Imagery Program (CIP) Strategic Review Manager is required to lead the successful delivery of a strategic review and re-engineering of DELWP's highly valued imagery and elevation acquisition program. The role works closely with the CIP team and range of internal and external stakeholders to understand the current business model as well as future customer needs and expectations. The review is a major deliverable for the Land Information and Spatial Services branch of the Strategic Land Assessment and Information Division – Land Use Victoria and will shape the service offerings, business model and funding approach for government acquisition of aerial imagery, elevation data and associated products for the next decade.

Specialist/Technical Expertise

- Proven experience in change management, strategic review or reform project delivery
- Knowledge of commercial and/or IP settings for data services is highly desirable.
- Proven commercial acumen and understanding of government budget processes highly desirable.

This is a fixed-term position, for a period of 18 months.

To be considered for this position, your application should include a supporting statement demonstrating that you meet the key selection criteria and any job requirements specified in the position description.

For a confidential discussion on the role, please call Amelia Chapman, Director Land Information and Spatial Services on (03) 9194 0194.
