

Web Services Team Leader

- **Lead and Manage the Web Services Team**
- **Develop and maintain strong working relationships**
- **Location is Melbourne CBD**

The role of Web Services Team Leader is to lead a team of professionals who provide expertise in web support.

We are building an inclusive workplace to help realise the potential of our employees, embrace our differences, and apply our diverse thinking to innovation and delivering services to Victorian communities. All jobs can be worked flexibly and we encourage job applications from Aboriginal people, people with disabilities, young people and people from culturally diverse backgrounds.

The Web Services Team Leader will be responsible for the management of the Internet and Intranet current service provider (Squiz) for all services rendered, oversee the hosting arrangements and lead compliance activities.

You will also implement DELWP's strategy for web services, including active participation in the transformation of the DELWP's Intranet into a Digital Workplace on Microsoft SharePoint Online for the whole of DELWP.

The successful applicant will develop and maintain strong relationships within the Department to support the delivery of required services and to develop strong collaborative work practices, particularly with the Communications Branch as well as the business unit Coordinators.

This is an ongoing position.

To be considered for this position, your application should include a supporting statement demonstrating that you meet the key selection criteria and any job requirements specified in the position description.
