

*One APS Career...Thousands of Opportunities"*

As one of Sydney's most visited museums, the Australian National Maritime Museum (ANMM) is committed to being a world leader in maritime history, sharing the national maritime story across Australia and providing a must-visit museum experience. Starting with the opening of the ANMM's Warships Pavilion, the museum is undergoing a major onsite transformation.

- **Attractive remuneration package and employment conditions**
- **1 year fulltime contract with possibility of extension**
- **Australia's leading museum located waterside in beautiful Darling Harbour**

If you are a highly organised, results focused and collaborative project leader with a passion for delivering transformational ICT projects and innovative technical solutions, then this role is an ideal opportunity to make your mark in a progressive and dynamic organisation.

**Key responsibilities:**

- Manage and deliver transformational ICT projects within agreed budgets and timelines.
- Collaborate with the Head of ICT to identify and leverage latest technologies and key service providers to implement fit for purpose, efficient and effective multi-functional, integrated, end-to-end IT business solutions and rationalise usage of single-purpose systems across the business.
- Work with the ANMM Executive and business units to understand, document and analyse ANMM's end-to-end business processes with a view to recommending and delivering key ICT systems transformation projects that support ANMM's strategic and business objectives.
- Provide IT project management and business analyst expertise to map user requirements, document business process and deliver successful IT transformation projects.

**What we are looking for in you:**

We are looking for a highly-skilled IT project manager with strong communication and stakeholder management skills and an ability to thrive in a high pressure environment. You enjoy a challenge and have the initiative to work independently and tackle unfamiliar situations.

**Key skills and experience required:**

- A bachelor's degree in a related technical discipline.
- Demonstrated ICT project management experience with a minimum of 2 years' experience leading medium to large scale projects.
- Experience collaborating with various local and national stakeholders and suppliers including contract negotiation and procurement.
- Outstanding communication, negotiation and conflict resolution abilities.
- Ability to deliver results in a dynamic and fast paced environment while continuing to focus on providing outstanding service.

**Applications Close: 11:30 pm AEST, Sunday, 26 Nov 2017**

**Contact Officer:** Ms Priya Deshvaria on [humanresources@anmm.gov.au](mailto:humanresources@anmm.gov.au) or click on below link
