

Research Associate / Research Fellow – Indigenous Health Graduate School of Health

- Are you interested in working in Aboriginal health and are seeking a career challenge?
- Are you keen to document how and why Aboriginal health care makes a difference?
- Seeking a career that is strategic whilst working in the west and far west region of NSW?

We are seeking an enthusiastic researcher for an exciting, challenging, full-time role at [Bila Muuji Aboriginal Corporation Health Services](#) in Dubbo, NSW, on a **fixed term basis until 15 October 2019**.

The role is part of a joint project between Bila Muuji and UTS. It is about gathering good data to share evidence-based success stories about Aboriginal community-controlled health service delivery. You will work independently as well as in partnership with other stakeholders.

About You

You will have invaluable experience in engaging Aboriginal and Torres Strait Islander community members and health service providers in planning and capacity building and of Aboriginal and Torres Strait Islander workforce development needs.

You will also bring to this role:

- Skills and experience in developing processes to gather, analyse and present relevant data
- Experience in project or program management
- An undergraduate degree in health sciences, social sciences, social work, or related fields; for appointment at Research Fellow level, a PhD or near completion of a PhD.

As this is an identified role pursuant to the exemption granted to UTS under s126 of the Anti-Discrimination Act 1977 (NSW), we will only consider applications for this position from Aboriginal and Torres Strait Islander* candidates.

For the full list of the selection criteria and role responsibilities please visit the UTS website and download the position.

Remuneration & Benefits

Base Salary Range: \$76,630 to \$93,330 p.a. Academic Level A / \$101,932 - \$116,641 p.a. Academic Level B

This role attracts 17% superannuation **in addition** to the base salary.

Our commitment to work/life support includes benefits such as flexible work practices, child care centres, generous parental leave and support to carers.

How To Apply

To apply please click this link: [Research Associate / Research Fellow – Indigenous Health](#) or visit <https://www.uts.edu.au/staff/jobs-uts/working-uts> and search by IRC116526.

For your application, please submit a cover letter detailing your interest in the role along with a current CV.

Prior to commencing your application for **IRC116526**, please review the Position Description and the relevant selection criteria.

Please note that only those applications submitted via the UTS online recruitment system will be accepted. Current UTS employees should apply through their UTS Employee Self Service function.

As you will be unable to save your application once started, please have all required documents and information available prior to commencing.

Please ensure that the file name for each document submitted includes **IRC116526**.

Specific enquiries regarding the role may be directed to Dr Megan Williams, Head of Indigenous Health on 0400 073 358 or Phil Naden at Bila Muuji on 0419 975 624.

Enquiries or issues with your application may be directed to the UTS Recruitment Team at recruitment@uts.edu.au or on +61 (0) 2 9514 1080.

Closing Date: 4 weeks post advert at 11.59pm (AEST)

Please note: We are only accepting on-line applications for this post, however, if you require any assistance, please contact Dr Megan Williams.
