The Strategy and Performance Division of the Department of Environment, Land, Water & Planning are looking to fill 2 Senior Policy Officer roles.

We are building an inclusive workplace to help realise the potential of our employees, embrace our differences, and apply our diverse thinking to innovation and delivering services to Victorian communities. All jobs can be worked flexibly and we encourage job applications from Aboriginal people, people with disabilities, young people and people from culturally diverse backgrounds.

As the Senior Policy Officer, you will be closely involved in the integration of cross-portfolio policy and strategy initiatives; and the development and implementation of medium - long term policy solutions.

This position will support the Director, Strategic Policy, Economics and Integration to develop strategic options to respond to external drivers of change, to coordinate whole DELWP advice or to develop new models of integration. Key to this role is the ability to collaborate and influence stakeholders in developing solutions that ensure 'the customer is at the centre'. This includes developing relationships to enable inter/intra departmental collaboration beyond individual portfolios, particularly in carrying out organisational improvement initiatives and innovation processes.

These positions are ongoing.

To be considered for this position, your application should include a supporting statement demonstrating that you meet the key selection criteria and any job requirements specified in the position description.
