

# Qantas Graduate Program

You might be familiar with the experience of flying with us, but as a Graduate at Qantas, you can join us on a new journey into an industry that never stops moving.

Over the years, we've constantly adapted to reinvent our customer experience, broaden our business and achieve things that were thought impossible. By joining us, you'll walk into a supportive environment where ideas are welcome and collaboration is encouraged. We'll show you it's possible to make an impact, and to never underestimate what you're capable of achieving.

Qantas is an equal opportunity employer, committed to providing a working environment that embraces and values diversity and inclusion. We offer support throughout the career journey for First Nations employees with the help of our dedicated First Nations Engagement team. You can also connect with other First Nations colleagues through the Daramu employee network.
