### Where you'll will be working

The Cancer Institute NSW is the NSW Government's cancer control agency, established to lessen the impact of cancer across the state. Working at the Cancer Institute NSW means joining a team of committed and dedicated staff who are proud to be a part of the Institute's purpose of overseeing and accelerating the effectiveness of cancer control in NSW. The Cancer Institute NSW is a collaborative working environment that encourages diversity and inclusion in how we work together. The Equity team are an integral part of enabling equity, inclusion and advocacy to improve the cancer outcomes for Aboriginal people in NSW.

### What you'll be doing

In this role you will be required to co-ordinate and support the development, and implementation of organisational programs of work, manage the delivery of project objectives which aim to improve cancer outcomes for people from Aboriginal communities.

You will have strong stakeholder engagement and interpersonal skills including experience in building and maintaining relationships with key Aboriginal communities and a diverse range of stakeholders. Essential to this role will be your experience and ability to engage and consults with internal and external stakeholders in a complex and fast-paced environment.

You will have demonstrated experience in day-to-day management of projects and working in a complex environment with competing deadlines and priorities. You will have well developed project management skills and experience, be highly organised with the ability to work with multiple stakeholders at any one time and a track record of delivering successful outcomes. You will be a team player with a can-do attitude, with strong verbal and written communication skills.
