

Project Officer, Equity (Aboriginal Targeted)

Cancer Institute NSW

Employment Type: Permanent

Position Classification: Health Manager Level 2

Remuneration: \$102,640 – \$121,739 per annum, excluding superannuation

Hours Per Week: 38

Location: 1 Reserve Road, St Leonards, Sydney

- **This role is a targeted recruitment action under the NSW Government Sector Employment Rule 26 (GSE Rule 26).**
- **We are committed to a diverse workforce and Aboriginal & Torres Strait Islander people are encouraged to apply**
- **Contribute to achieving equity in cancer outcomes for Aboriginal communities**
- **Use your project management expertise, combined with your cultural knowledge and community relationships to support priority health outcomes.**

This is a targeted role under the GSE Act Rule 26 which is open to all candidates, however, allows greater consideration to be given to 'eligible persons', in order to improve access to employment and career opportunities. Under this rule Aboriginal and Torres Strait Islander peoples are considered to be 'eligible persons'.

Applicants who are of Aboriginal descent, or identify as Aboriginal must provide written evidence of Aboriginality and be accepted in the community. This documentation must be provided as part of your application and cited at interview.

Stepping Up helps Aboriginal job applicants by providing information about applying for roles in NSW Health. For more information please visit www.steppingup.health.nsw.gov.au

Where you'll be working

The Cancer Institute NSW is the NSW Government's cancer control agency, established to lessen the impact of cancer across the state. Working at the Cancer Institute NSW means joining a team of committed and dedicated staff who are proud to be a part of the Institute's purpose of overseeing and accelerating the effectiveness of cancer control in NSW. The Cancer Institute NSW is a collaborative working environment that encourages diversity and inclusion in how we work together. The Equity team are an integral part of enabling equity, inclusion and advocacy to improve the cancer outcomes for Aboriginal people in NSW.

What you'll be doing

In this role you will be required to co-ordinate and support the development, and implementation of organisational programs of work, manage the delivery of project objectives which aim to improve cancer outcomes for people from Aboriginal communities.

You will have strong stakeholder engagement and interpersonal skills including experience in building and maintaining relationships with key Aboriginal communities and a diverse range of stakeholders. Essential to this role will be your experience and ability to engage and consults with internal and external stakeholders in a complex and fast-paced environment.

You will have demonstrated experience in day-to-day management of projects and working in a complex environment with competing deadlines and priorities. You will have well developed project management skills and experience, be highly organised with the ability to work with multiple stakeholders at any one time and a track record of delivering successful outcomes.
