

Citizen Science Coordinator

- Leading natural resource management agency
- Great lifestyle location
- The opportunity to contribute to river health and the environment
- Flexible work practices

The North Central Catchment Management Authority protects and enhances the integrity of our catchments, by working in partnership with communities to deliver enduring natural resource management outcomes. We are currently seeking an enthusiastic and motivated person to join our Engagement team.

Located at our Huntly office, the Citizen Science Coordinator will lead the CMAs citizen science and education programs and projects in collaboration with their team.

This is an exciting opportunity to play a lead role in engaging with the community, traditional owners, and stakeholders to ensure that local expertise and knowledge is incorporated into the development and delivery of NRM projects. The successful applicant will demonstrate a strong focus on community engagement and strategic partnership development.

This position is offered on a fixed term basis for a period of 12-months and may be undertaken full time or part time. For further information contact the North Central CMA on 03 5448 7124.

For a copy of the Job Description or to submit an application visit the Jobs and Tenders section of our website at www.nccma.vic.gov.au/jobs-tenders or contact HRManager@nccma.vic.gov.au Applications will be accepted until 4:00pm Monday 31st May and should include a covering letter, a current resume, and statement addressing the key selection criteria outlined in the position description.

We embrace diversity and inclusion, so apply if you are:

- A person with disability
- Aboriginal and/or Torres Strait Islander
- Culturally and linguistically diverse
- LGBTIQ+
