

## Senior Field Officer

### Do you want your work to make a difference for NSW?

*Together, we create thriving environments, communities and economies.*

- Package includes salary \$69,604 to \$73,729, employer's contribution to superannuation and 17% loading for working weekends and public holidays
- Full-time Ongoing
- Located in Mathoura

***This is an Aboriginal Identified role where Aboriginal identity, cultural knowledge or connections are a genuine aspect of the role. Positions are specifically noted under the provisions of the NSW Anti-discrimination Act (1977).***

### About the role

You'll be joining a supportive team undertaking a diverse range of tasks to enhance and preserve the natural and cultural heritage of our parks. This may include leading a team to maintain and construct park facilities; protection of cultural sites; undertake pest and weed control programs utilising pesticides, chemicals or firearms; and assisting with fire management activities such as mowing, slashing, grading, and joining a highly trained team to implement hazard reduction burns and wildfire response.

### About you

Your life skills and practical knowledge associated with planning, maintaining relationships with stakeholders and promoting conservation land management strategies will help build your success in this role. You'll be a strong decision-maker with the ability to think on your feet and your enthusiasm will enable you to thrive and succeed in this diverse, fast-paced role.

Working collaboratively with others will be a natural process for you, with a genuine interest in teamwork, and supporting the growth of others. With the support of a Senior Field Supervisor, you'll work closely with rangers in identifying and prioritising maintenance works. Senior field officers are flexible and organised, and work well in a team environment or alone with minimal supervision. At times you'll be relied upon to also supervise other field staff and contactors. A trade background is beneficial but is not essential.

This is a physically active role suited to candidates of all genders who are fit, enjoy working outdoors as part of a team, and are eager to learn and develop the skills and qualifications needed to contribute toward improving and maintaining NSW's most precious natural places.

The role holder must obtain certification at the appropriate level prior to undertaking firefighting/incident control duties.
