

Aboriginal Population Health Trainee

Department: South Eastern Sydney Local Health District

Employment Type: Temporary Full-Time

Position Classification: Health Manager Level 1

Remuneration: \$76,152 to \$102,438 pa

Hours Per Week: 38

Where you'll be working

The Aboriginal Population Health Trainee will be placed in a series of population health work placements in SESLHD Population and Community Health (PaCH). PaCH provides community health services that give care to individuals, families and carers, as well as population health services that focus on the whole community or key groups within the community. [See what we have to offer](#)

What you'll be doing

The vision for South Eastern Sydney Local Health District (SESLHD) is '**exceptional care, healthier lives**'. SESLHD is committed to enabling our community to be healthy and well, and to providing the best possible compassionate care when people need it.

The Aboriginal population health trainee will participate in the NSW Aboriginal Population Health Training Initiative (APHTI) Program. APHTI program is a three-year training program comprising part-time study towards a Master of Public Health and a series of population health work placements.

The Aboriginal population health trainee will have the opportunity to develop population health skills such as professional practice, population health program management, communication, evidence informed practice, epidemiology and data management, communicable diseases and risk management, health promotion and evaluation.

This position will build capacity within the Aboriginal workforce to develop and implement population health strategies to protect and promote the health of the people within SESLHD.

Selection Criteria

1. Be of Aboriginal or Torres Islander descent (pursuant to Section 14 (d) of the *Anti-Discrimination Act (1997)*)
2. Sound knowledge of social, cultural, political and health issues affecting Aboriginal people, families and communities and demonstrated understanding of the social determinants of Aboriginal Health
3. Meet the admission requirements for the post graduate Master of Public Health degree at a university in NSW
4. Demonstrated capacity to achieve workplace learning outcomes
5. Demonstrated ability to develop and maintain workplace relationships with colleagues, managers, community members and consumers
6. Demonstrated oral and written skills relevant computer skills
7. Demonstrated ability to implement and prioritise competing tasks according to a service plan and deadline
8. Availability to work across the District in a number of workplaces and locations and have a current NSW driver's licence.
