# Broadcast Technologist Darwin

**Job no:** 501319

**Work type:** Ongoing Full Time

**Location:** Darwin - ALL

**Categories:** IT/Technology

- **Darwin Location**
- **Work for the Australian iconic brand, the ABC – your home of Australian stories and events that shape our nation.**
- **Support technologies undergoing transformational change within the media industry**

### About the ABC

The ABC is the nation's most trusted and independent source of Australian conversations, culture, and stories. With over 4,000 employees from diverse backgrounds across over 50 locations around Australia and overseas, we are proud to create, curate and deliver high-quality content that informs, educates and entertains Australian communities.

### About the Role

ABC Darwin is looking for team member to join the Product & Content Technology team. This important role will help to ensure our content goes to air seamlessly and our broadcasting capability is continually improved. Under the broad supervision the role will involve;

- Consulting with clients to understand their needs.
- Providing technical assistance, work arounds and emergency fixes.
- Carrying out technical maintenance tasks and efficient & effective preventative maintenance schedules.

### About You

You will be a great communicator with a client centered approach to solving broadcast technology issues. You will have a naturally collaborative workstyle and enjoy being part of a team. To be successful in the role you will also need;

- Relevant tertiary qualifications or equivalent skills, knowledge and experience.
- Proficient capability in technical support functions, including troubleshooting, fault resolution, maintenance, upgrades, installation and operations.
- Good organisational skills and problem solving skills with an ability to manage own workload.
- Understanding of the direction of technical innovation and its application in the broadcast industry.
