It's through our individuality and our collective energy that we bring great ideas, stories and music to young Australians on every platform where they live.

#### About the Role

We are looking for a talented Reporter to create stories across radio, online and social media for the triple j Hack program. If you're a dedicated journalist with a passion for covering issues that affect young people, then this is the job for you! On a daily basis you will:

- Research, prepare and present accurate, concise and clear stories for the Hack radio program and podcast including conducting interviews and editing final pieces, to inform & entertain the audience.
- Demonstrate an original, creative and sophisticated approach using a range of complex story telling techniques both in the studio and in the field for Hack.
- Identify and deliver stories that matter to a youth audience.
- Create digital-first articles and social media content, for triple j Hack and other ABC sites.
- Conduct interviews and live crosses on breaking news events
- Travel as required to produce longer form content for radio and online
- Operate studio, editing and field reporting equipment to produce multi-platform content.

#### About You

Do you have a creative approach to story construction and delivery for radio and online? In this key role, you will also bring:

- Proven experience in developing and producing creative, accessible, and relevant program content including live and packaged field reports for radio.
- Proven experience in radio with accomplished editorial skills and judgement.
- An ability to break original stories and initiate, research and conduct interviews.
- A strong knowledge of digital storytelling techniques and social media best practice.
- A proven ability to create cross platform stories that engage the audience.
- Detailed knowledge of key issues that are relevant to, and affect the lives of an 18–24 audience.
- Ability to work under pressure and to tight deadlines.
- Strong interpersonal and motivational skills and the ability to work both autonomously and as part of a team.
- Proven ability in working with modern broadcast technologies and digital editing systems.
