

Customer & Products Internship Programme

bp

About the role:

At bp, our Customer and Products business is divided between our Fuels / Retail business, Lubricants and Air bp. Our Retail business provides advantaged fuel, convenience and loyalty programmes to customers at over 17,000 service stations worldwide. Our market-leading lubricants business delivers Castrol and a range of high-quality bp branded products to over 100 countries – products that help cars, ships, aeroplanes, industrial plants, wind turbines and even computers run more efficiently.

For penultimate year students, our virtual paid 8-week internship program will commence 11th January 2021. As a bp Customer & Products Commercial Intern, you'll gain insight into the real world of business. You'll execute and deliver a multi-discipline project within a team environment which will ultimately contribute the achievement of bp's reimagined strategy. Through this project you'll benefit from a structured programme of work with real responsibility. You'll experience on-the-job learning, along with development training to suit your role. Working across teams and functions, you'll enjoy access to some of the most talented people in their fields.

bp has the following streams available within our 2021 Customer & Products Internship programme.

Retail, Sales & Marketing

Commercial

No matter where you work at bp, you'll be valued, included and respected. We'll provide you with on-going support and we'll reward you for the great work you do.

About you:

We look for students with well-rounded life experiences. Your strong academic results will be supported by some work experience - everything from customer service to industry experience is great! You'll have strong organisational skills, and the ability to deliver results in a collaborative environment. Your ability to learn and adapt will be key, along the energy and ownership to make the most of this fantastic opportunity.

You must be comfortable making courageous and bold decision, digital fluency, a keen eye for analytics and the insights they provide. You'll have career aspirations within a customer-centric and innovative convenience & retail business within a leading Integrated Energy Company.

- To be eligible for our program you will:
- Be an Australian citizenship or permanent resident
- Have academic results of credit average (65) or above
- be in your penultimate year of study in 2020
- have career aspirations align with bp within our Customer & Products business (this may include currently studying a Commerce, Business, Marketing, Communications or similar degree)
- **Submit a cover letter which answers the following question, in 250-500 words or less, - "What are your career and/or personal aspirations, and how do these aspirations align with bp's ambitions to reimagine energy by 2050 or sooner?"**

About the application process:

Applications open Monday 28th September and will close at 5pm on Friday 11th October 2020 (AEST). Please note that applications will be screened as they come in. The assessment process will include:

- A review of your written application,
- A Situational Judgement Questionnaire,
- A verbal, numerical & abstract reasoning aptitude test,
- An on-Demand Video Interview (completed in your own time within a set timeframe).
