

Australian Government

Northern Australia Infrastructure Facility

INDIGENOUS ENGAGEMENT ASSOCIATE

- Provide effective administration of NAIF's Indigenous Engagement Strategy for each NAIF proponent across northern Australia and related broader Indigenous outcomes
- Based in Cairns

The **Northern Australia Infrastructure Facility (NAIF)** is a development financier that was established by the Federal Government in 2016 to provide finance to support the development of infrastructure projects and businesses in northern Australia. In providing finance, NAIF has a strong focus on driving economic growth, public benefit and positive indigenous outcomes. NAIF has made commitments (in the form of investment decisions) of \$3.1 billion across 29 investments in Central and North Queensland, Northern Territory and Western Australia.

Assist the Associate Director in supporting proponents to develop, deliver and report on their Indigenous Engagement Strategy to meet the NAIF mandatory criteria including:

- undertaking desktop research on matters including demographics, economic and social indicators, workforce and Indigenous populations in specific project areas or across sectors;
- undertake analysis and due diligence to inform recommendations to the NAIF Board on satisfactory Indigenous Engagement Strategies to support Investment Proposal decision making;

This role is an incredible opportunity for a professional to join an organisation that is focused on growth and excellence. In return, you will be offered a rewarding career within a team focused environment that encourages you to make a valuable contribution to achieving organisational objectives.

Applications via other agencies, will be forwarded directly to CBC Staff Selection.
