

# 2022 Apprenticeships

## Take the first step towards a rewarding career with Endeavour Energy

- Complete a nationally recognised **Electrotechnology Electrician** qualification
- This is one of the most sought-after apprenticeships in the industry
- Be part of an organisation that embraces the rich diversity of the communities we serve
- Help build a smarter, cleaner energy future
- Work on some of Australia's most transformational infrastructure projects – including Sydney's new Aerotropolis!

## What can apprentices expect to receive?

- Training at one of the most modern and advanced electrical training facilities in NSW, located in Western Sydney, with hands-on work supervised by our expert tradespeople
- Access to some of the finest and most experienced trainers in the energy industry
- All the tools, clothing, boots and personal safety equipment required for the apprenticeship will be supplied
- Payment of all educational fees and expenses related to the apprenticeship

Endeavour Energy is one of Australia's largest energy corporations. We provide energy to 2.5 million people every day. We operate in the fastest growing regions across Sydney's Greater West, Blue Mountains, Southern Highlands and South Coast.

We are committed to powering communities for a brighter future, with a focus on safety, customer service and providing a great place to work.

**To apply between 2 - 27 August 2021 go to:**
