

Metro North Hospital and Health Service *Putting people first*

Surgical, Treatment and Rehabilitation Service (STARS)

# Deadly Opportunities

## Careers in Health

Surgical, Treatment and Rehabilitation Service (STARS) is a new public health facility, based in Herston, Queensland, that will provide specialist healthcare services in geriatrics, specialist rehabilitation, surgical and endoscopic procedural services, and outpatient services. STARS is part of the [Metro North Hospital and Health Service](#) (MNHHS), the largest and most diverse health service in Queensland.

STARS will be home to a team of approximately 900 clinical and non-clinical health professionals, of which a large portion of our workforce will be nurses. Nursing positions across a range of specialties will be available at STARS. Recruitment for these positions will be staggered to match the care we will provide to patients as we ramp up our services from 2021.

## Career opportunities at STARS

We are currently recruiting various Identified opportunities in the Administration, Nursing, Allied Health and Patient Support Services streams across the new STARS facility.

Please contact [STARSRecruitment@health.qld.gov.au](mailto:STARSRecruitment@health.qld.gov.au) for more information
