

## Chief Executive Officer

Urapuntja Health Service Aboriginal Corporation is one of Australia's longest running Aboriginal community-controlled health services and is located some 250 km north-east of Alice Springs. The corporation provides health services to around 900 people who are mainly Anmatyerre and Alyawarra speaking people using a unique model of care.

Developed to service the needs of the Urapuntja (Utopia) community and surrounding homelands, the corporation prides itself on its deep connection to community and outstanding health service results.

### **About the CEO position**

The CEO is accountable to the board of directors for developing the strategic direction of the corporation, organisational growth and delivering high-quality comprehensive primary health care. The successful applicant will also be responsible for the effective leadership and management of employees, financial management and compliance with all relevant legislation and funding requirements.
