

Magistrates' Court
of Victoria

Senior Research and Evaluation Officer

Magistrates' Court of Victoria

Following the Royal Commission into Family Violence (RCFV), the Victorian Budget 2017-18 made an unprecedented investment to respond to its 227 recommendations, including a significant investment to improve the court system.

This reform agenda is reflective of the joint commitment by the Victorian Government through the 10 Year Plan to end family violence and Court Services Victoria (CSV) to improve the experience for victim survivors and perpetrators of family violence and court users more broadly.

MCV is responsible for delivery of 26 of the 227 recommendations from the RCFV and is impacted by the delivery of approximately 100 other RCFV recommendations. MCV has a strong commitment to improving the safety of families living with violence engaged with the court and working as part of an integrated response. The implementation of these recommendations will strengthen MCV's capacity to achieve this goal.

Timely, robust and credible evaluation is crucial to be able to track and assess the implementation of the Royal Commission into Family Violence reforms, progress towards achieving the intended outcomes and to ensure MCV and our key partners can continue to improve the Courts response to family violence.

The Senior Research and Evaluation Officer contributes to the overall evaluation workplan by conducting and managing in-house and/or externally contracted evaluations of key family violence reform areas and activities, with a particular focus on the Koori Family Violence workstream.

The successful candidate will have demonstrated:

- knowledge and experience in managing and conducting complex research and multi-method program evaluations, using various evaluation techniques and methodologies.
- ability to collect and analyse qualitative and quantitative data, including the development and use of information systems and relevant software packages.
- experience developing and reporting against government outcomes frameworks.
- knowledge and understanding of the Aboriginal and Torres Strait Islander community, both society and culture and the issues impacting on it.
- ability to work and communicate effectively and sensitively with Aboriginal and Torres Strait Islander community and stakeholders.
- understanding of the impact of family violence and system-wide family violence reform is desirable.
