## Senior Database Engineer - Targeted Role

TAFE Worker Level 9

Explore your career path. Be deadly. Be empowered with TAFE NSW.

- Aboriginal and Torres Strait Islander Targeted role
- Full time ongoing role with location negotiable
- Inclusive, dynamic and flexible working environment

### **YOUR OPPORTUNITY**

At TAFE NSW we are committed to creating a workplace where dignity, trust, respect and the promotion of diversity and inclusion is valued.

With TAFE NSW, you will have the opportunity to grow your professional career in a dynamic, collaborative and inclusive environment, where you can innovate, create value and proudly play a meaningful role in the once in a generation transformation of Australia's largest skills and training provider!

### **ABOUT THE ROLE**

The Senior Database Engineer is responsible for designing and managing the database systems at TAFE to ensure secure access along with high performance and reliability to achieve optimal outcomes for business requirements.

Crucially, you are someone who exhibits the TAFE NSW Values of Integrity, Collaboration, Excellence and Customer First.

This position offers a base salary range of \$110,065 to \$121,490 p.a plus employer's contribution to superannuation and annual leave loading.

### **HOW TO APPLY**
